

We firmly believe in a work hard, play hard approach to staying fit and healthy, which is why our memberships also include full access to our vitality suite. Our fitness suite and pool offer the ultimate tone up and workout combo open from 6.00am to 10.00pm, 365 days a year. Tired muscles can be soothed away in the vitality pool or with a spell in the steam room, or better still, with an advanced massage.

Please see below prices for corporate membership. Should you wish to discuss a bespoke membership package, please contact a member of our spa team. Terms and conditions apply.
