YOGA

Deep relaxation class including breath control, simple meditation and the adoption of specific bodily postures.

HIIT

Join in on a high-intensity interval training aimed to build strength, agility and fitness levels through short bursts of different exercises.

CARDIO & ABS

Cardio and abs go together like scones and clotted cream!

A HIIT based class focusing on strengthening of the core and abdominal muscles, whilst inadvertently improving cardiovascular endurance.

PILATES

An exercise regime that is typically performed on a floor mat or with the use of specialized apparatus and aims to improve flexibility and stability by strengthening the muscles and especially the torso-stabilizing muscles of the abdomen and lower back.

FUNCTIONAL 40

Functional fitness is a type of exercise that supports and mimics your everyday life. It includes movements such as walking, pushing, pulling, bending, squatting, twisting, reaching, lunging, and core. These exercises improve functional strength.
